

Green Business Program

The *San Diego Area Green Business Program* should be considered for those who wish to be recognized for “going beyond compliance”. Going beyond compliance means doing more than just the legal standards for your business.

The Green Business Program is currently open to automotive businesses and restaurants.

Participation in the Green Business Program will:

- 1 Help attract environmentally conscious customers.
- 2 Improve system and equipment performance.
- 3 Provide a cleaner and safer work environment for employees.
